

Pre-Kindergarten Newsletter

October 2009

October has fast approached us and we have a lot to share with you. This month our themes will be fire safety and pumpkins. In DASH, our science curriculum, we will be learning about health and safety and in Social Studies we will be learning about moods and emotions and reviewing our character building techniques with Second Step. We will be learning about the letters Ss and Ll and the numbers 4 and 5. We will also participate in OG Phonemic Awareness, handwriting practices, and Everyday Math-Numerations 0-5.

Thank you,

Mrs. Hohnstien and The Pre-K Teachers
